**PART I. PROXY STATEMENT FOR THE ARCH COAL, INC. 2004 ANNUAL MEETING OF STOCKHOLDERS**

**INFORMATION ABOUT THE ANNUAL MEETING**

**Why Am I Receiving These Proxy Materials?**

Arch Coal's Board of Directors is soliciting proxies to be voted at the 2004 Annual Meeting of Stockholders. This proxy statement includes information about the issues to be voted upon at the meeting.

On March 8, 2004, we began mailing these proxy materials to all stockholders of record at the close of business on March 1, 2004. On March 1, 2004, there were 53,950,004 shares of Arch Coal common stock outstanding. As required by Delaware law, a list of stockholders entitled to vote at the annual meeting will be available at the annual meeting and for 10 days prior to the meeting, during normal business hours, at Arch Coal's offices, One CityPlace Drive, Suite 300, St. Louis, Missouri 63141.

**What Am I Voting on?**

We are aware of one item to be voted on by stockholders at the annual meeting, which is the election of three directors: Steven F. Leer, Robert G. Potter and Theodore D. Sands.

**How Many Votes Do I Have?**

You have one vote for each share of Arch Coal common stock that you owned at the close of business on March 1, 2004, the record date. These shares include:

- Shares held directly in your name as the "stockholder of record";
- Shares held for you as the beneficial owner through a broker, bank, or other nominee in "street name"; and
- Shares credited to your account in the Arch Coal, Inc. Employee Thrift Plan or the Mingo Logan Savings Plan.

**If I Am a Stockholder of Record, How Can I Vote My Shares?**

You can vote by proxy or in person.

**How Do I Vote by Proxy?**

If you are a stockholder of record, you may vote your proxy by telephone, Internet, or mail. Our telephone and Internet voting procedures are designed to authenticate stockholders by using individual control numbers. Voting by telephone or Internet will help Arch Coal reduce costs.

- Voting Your Proxy by Telephone

In the U.S. and Canada, you can vote your shares by telephone by calling the toll-free telephone number on your proxy card. Telephone voting is available 24 hours a day, 7 days a week, up through the day before the meeting. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

## [Table of Contents](#)

- Voting Your Proxy By Internet

You can also choose to vote via the Internet. The web site for Internet voting is on your proxy card. Internet voting is also available 24 hours a day, 7 days a week, up through the day before the meeting. If you vote via the Internet, you do not need to return your proxy card.

- Voting Your Proxy By Mail

If you choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope provided.

If you vote by proxy using any of these three methods, the persons named on the card (your “proxies”) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for all, some, or none of the nominees for director. If you vote by telephone or Internet and choose to vote with the recommendation of Arch Coal’s Board of Directors, or if you vote by mail, sign your proxy card, and do not indicate specific choices, your shares will be voted “FOR” the election of all three nominees for director.

If any other matter is presented, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters that needed to be acted on at the annual meeting other than those discussed in this proxy statement.

If you wish to give a proxy to someone other than the persons named on the enclosed proxy card, you may strike out the names appearing on the card and write in the name of any other person, sign the proxy, and deliver it to the person whose name has been substituted.

### **May I Revoke My Proxy?**

If you give a proxy, you may revoke it in any one of three ways:

- Submit a valid, later-dated proxy;
- Notify Arch Coal’s Secretary in writing before the annual meeting that you have revoked your proxy; or
- Vote in person at the annual meeting.

### **How Do I Vote in Person?**

If you are a stockholder of record, you may cast your vote in person at the annual meeting.

### **If I Hold Shares in Street Name, How Can I Vote My Shares?**

You can submit voting instructions to your broker or nominee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the voting instruction card included in these materials by your broker or nominee.

### **How Do I Vote My Shares Held in Arch Coal’s Dividend Reinvestment and Direct Stock Purchase and Sale Plan?**

If you are a participant in the Dividend Reinvestment and Direct Stock Purchase and Sale Plan for stockholders of Arch Coal, your proxy will also serve as an instruction to vote the whole shares you hold under this plan in the manner indicated on the proxy. If your proxy is not received, your shares held in the plan will not be voted.

### **How Do I Vote My Arch Coal Common Stock Held in the Employee Thrift Plan or the Mingo Logan Savings Plan?**

If you are both a registered stockholder of Arch Coal and a participant in its Employee Thrift Plan or the Mingo Logan Savings Plan, you will receive a single proxy card that covers shares of Arch Coal common

## [Table of Contents](#)

stock credited to your plan account as well as shares of record registered in exactly the same name. Accordingly, your proxy card also serves as a voting instruction for the trustee of the plan. If your plan account is not carried in exactly the same name as your shares of record, you will receive separate proxy cards for individual and plan holdings. If you own shares through one of these plans and you do not return your proxy by Friday, April 9, 2004, the trustee will vote your shares in the same proportion as the shares that are voted by the other participants in the plan. The trustee will also vote unallocated shares of Arch Coal common stock held in the plan in direct proportion to the voting of allocated shares in the plan for which voting instructions have been received unless doing so would be inconsistent with the trustee's duties.

### **Is My Vote Confidential?**

Yes. Voting tabulations are confidential.

### **What Vote Is Required to Approve Each Proposal?**

The nominees who receive the most votes for the available positions will be elected. If you do not vote for a particular nominee, or you indicate "withhold authority to vote" for a particular nominee on your proxy card, your vote will not count either "for" or "against" the nominee.

In order to have a valid stockholder vote, a stockholder quorum must exist at the annual meeting. A quorum will exist when stockholders holding a majority of the outstanding shares of Arch Coal stock are present at the meeting, either in person or by proxy.

If a broker indicates on its proxy that it does not have authority to vote certain shares held in "street name" on particular proposals, the shares not voted ("broker non-votes") will have no effect on the proposal. Broker non-votes occur when brokers do not have discretionary voting authority on certain proposals under the rules of the New York Stock Exchange and the beneficial owner has not instructed the broker how to vote on the proposal.

### **Who is Paying the Costs of Soliciting These Proxies?**

Arch Coal is paying the cost of preparing, printing, and mailing these proxy materials. We will reimburse banks, brokerage firms, and others for their reasonable expenses in forwarding proxy materials to beneficial owners and obtaining their instructions. A few officers and employees of Arch Coal may also participate in the solicitation, without additional compensation.

### **Where Can I Find the Voting Results of the Meeting?**

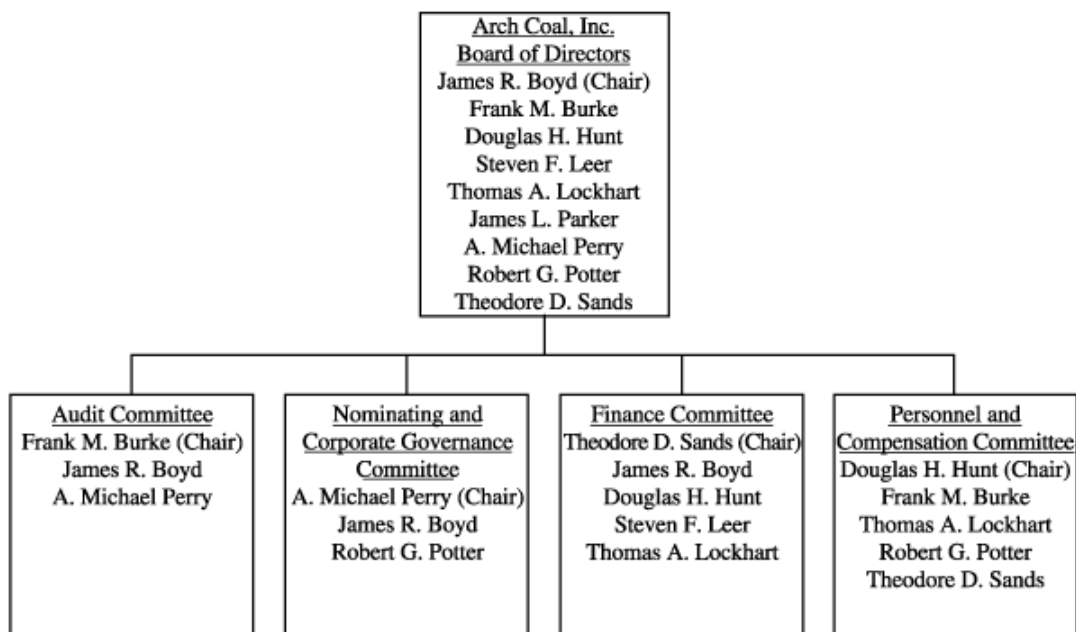

We intend to announce preliminary voting results at the meeting. We will publish the final results in our Quarterly Report on Form 10-Q for the first quarter of 2004. You can obtain a copy of the Form 10-Q by logging on to our website at [www.archcoal.com](http://www.archcoal.com), by calling the Securities and Exchange Commission at (800) SEC-0330 for the location of the nearest public reference room, or through the EDGAR system at [www.sec.gov](http://www.sec.gov).

### **How Can I Communicate With the Board of Directors Directly?**

Stockholders and other interested persons may contact any member of the Board of Directors directly by contacting the Company's confidential hotline at 1-866-519-1881 or by mail addressed to such director in care of Arch Coal, Inc., One CityPlace Drive, Suite 300, St. Louis, MO 63141.

## ELECTION OF DIRECTORS

### Structure of the Board

Mr. James Parker has announced his retirement from the Board effective April 22, 2004. Mr. Parker has been a member of the Board of Directors since 1995 and most recently served on the Audit Committee and as Chairman of the Nominating and Corporate Governance Committee. He has provided strong leadership and tremendous insight into many of the complexities and challenges that Arch Coal has faced over the years and he will be greatly missed.

Our Restated Certificate of Incorporation and by-laws provide for a Board of Directors that is divided into three classes as equal in size as possible. The classes have three-year terms, and the term of one class expires each year in rotation at that year's annual meeting. The size of the Board can be changed by a two-thirds vote of the entire Board and is currently set at nine members. The Board has approved a reduction in Board size to eight members effective upon Mr. Parker's retirement. Vacancies on the Board may be filled by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy, or a new directorship created by an increase in the size of the Board, serves for the remainder of the full term of the class of directors in which the vacancy or newly created directorship occurred. As a matter of policy, the Board will submit the nomination of a director elected to fill a vacancy to the vote of Arch Coal's stockholders at the next annual meeting. It is requested by Arch Coal that the directors attend the annual meeting. In 2003, all directors were present at the annual meeting.

Arch Coal's Board of Directors has nominated three individuals for election as directors for a three-year term that will expire in 2007: Steven F. Leer, Robert G. Potter and Theodore D. Sands. All nominees are currently serving as directors of Arch Coal.

The Board is not aware that any nominee named in this proxy statement will be unwilling or unable to serve as a director. All nominees have consented to be named in the proxy statement and to serve if elected. If, however, a nominee is unavailable for election, your proxy authorizes us to vote for a replacement nominee if the Board names one. As an alternative, the Board may reduce the number of directors to be elected at the meeting.

## Table of Contents

The Board has determined that each member of the Board, other than Mr. Leer, is “independent” under the New York Stock Exchange rules and is free from any other relationships with the company or its employees that could reasonably interfere with such member’s independence.

### **Nominees for a Three-Year Term That Will Expire in 2007:**

*Steven F. Leer*, 51, has been President and Chief Executive Officer and a director of Arch Coal since 1992. He also serves on the boards of the Norfolk Southern Corporation, the Western Business Roundtable and the Mineral Information Institute. Mr. Leer is past chairman and continues to serve on the boards of the Center for Energy and Economic Development, the National Coal Council and the National Mining Association.

*Robert G. Potter*, 65, has been a director of Arch Coal since April 2001. Mr. Potter was Chairman and Chief Executive Officer of Solutia Inc., a producer and marketer of a variety of high performance chemical-based materials, from 1997 to his retirement in 1999. Mr. Potter served for 32 years with Monsanto Company prior to its spin-off of Solutia in 1997, most recently as the Chief Executive of its chemical businesses. Mr. Potter is a director of Stepan Company and of some private companies of which he is also an investor.

*Theodore D. Sands*, 58, has been a director of Arch Coal since 1999 and, since February 1999, has served as President of HAAS Capital, LLC, a private consulting and investment company. Mr. Sands is also a director of Protein Sciences Corporation and Terra Nitrogen Corporation. Mr. Sands served as Managing Director, Investment Banking for the Global Metals/ Mining Group of Merrill Lynch & Co. from 1982 until February 1999.

### **Your Board of Directors recommends a vote “For” these nominees**

### **Directors Whose Terms Will Expire in 2005:**

*James R. Boyd*, 57, Chairman of the Board, has been a director of Arch Coal since 1990. He served as Senior Vice President and Group Operating Officer of Ashland Inc., a multi-industry company with operations in chemicals, motor oil, car care products and highway construction, from 1989 until his retirement in January 2002. Mr. Boyd is also a director of The Farmers Bank of Lynchburg, Tennessee.

*Douglas H. Hunt*, 51, has been a director of Arch Coal since 1995 and, since May 1995, has served as Director of Acquisitions of Petro-Hunt, LLC, a private oil and gas exploration and production company.

*A. Michael Perry*, 67, has been a director of Arch Coal since 1998. He served as Chairman of Bank One, West Virginia, N.A. from 1993 and as its Chief Executive Officer from 1983 to his retirement in June 2001. Mr. Perry is also a director of Champion Industries, Inc.

### **Directors Whose Terms Will Expire in 2006:**

*Frank M. Burke*, 64, has been a director of Arch Coal since September 2000. He has served as Chairman, Chief Executive Officer and Managing General Partner of Burke, Mayborn Company, Ltd., a private investment and consulting company since 1984. Mr. Burke is also a director of Kaneb Services LLC, Xanser Corporation, Kaneb Pipe Line Company (general partner of Kaneb Pipe Line Partners, LP), a member of the Board of Managers of Dorchester Minerals Management GP LLC (general partner of Dorchester Minerals, L.P.), Crosstex Energy GP, LLC (general partner of Crosstex Energy, L.P.), Crosstex Energy Inc., and a member of the National Petroleum Council.

*Thomas A. Lockhart*, 68, has been a director of Arch Coal since February 2003 and a member of the Wyoming State House of Representatives since 2000. Mr. Lockhart worked for PacifiCorp, an electric utility, for over 30 years and retired in 1998 as a Vice President. Mr. Lockhart is also a director of First Interstate Bank of Casper, Wyoming and Blue Cross Blue Shield of Wyoming.

## **Board Meetings and Committees**

The Board of Directors met eleven times in 2003. In addition to meetings of the full Board, directors attended meetings of Board committees. Each director attended at least 75% of the aggregate Board meetings and meetings of committees of which he is a member. A description of each committee and its current membership follows.

### ***Nominating and Corporate Governance Committee***

Members: Mr. Perry (Chairman), Mr. Boyd, and Mr. Potter

The Nominating and Corporate Governance Committee met four times during 2003. Its functions include: the development of corporate governance policies, procedures and practices; the recruitment and recommendation to the Board of Directors of nominees for directors; and the oversight of the annual evaluation of directors, board committees and management; and the review and recommendation of the directors' compensation program. The Nominating and Corporate Governance Committee is composed solely of independent directors and operates under a written charter adopted by the entire Board.

A copy of the Nominating and Corporate Governance Committee Charter is available on the company's website at [www.archcoal.com](http://www.archcoal.com).

A copy of Arch Coal's Corporate Governance Guidelines, which sets forth the policy of selecting and nominating candidates for the election to the Board of Directors, is attached to this proxy statement as Exhibit A. The Nominating and Corporate Governance Committee will consider nominees recommended by stockholders for election to the Board provided the names of such nominees, accompanied by relevant biographical information, are submitted in writing to the Secretary of the company.

### ***Finance Committee***

Members: Mr. Sands (Chairman), Mr. Boyd, Mr. Hunt, Mr. Leer and Mr. Lockhart

The Finance Committee met eight times in 2003. This committee reviews and approves fiscal policies relating to Arch Coal's financial structure, including its debt, cash and risk management policies. It also reviews and recommends to the Board appropriate action with respect to significant financial matters, major capital expenditures and acquisitions, and funding policies of Arch Coal's employee benefit plans.

### ***Personnel and Compensation ("P&C") Committee***

Members: Mr. Hunt (Chairman), Mr. Burke, Mr. Lockhart, Mr. Potter and Mr. Sands

The P&C Committee met seven times during 2003. The duties of this committee include the approval of the compensation of executive officers of Arch Coal and its subsidiaries and the selection of participants and awards under Arch Coal's incentive plans. The P&C Committee also establishes policies regarding compensation, position evaluations, transfers, and terminations. In addition, the committee provides oversight of Arch Coal's retirement, savings and other benefit plans.

### ***Audit Committee***

Members: Mr. Burke (Chairman), Mr. Boyd and Mr. Perry

The Audit Committee met eleven times during 2003. Its primary responsibility is to oversee the Company's financial reporting process on behalf of the Board including evaluating, recommending and, if necessary, replacing Arch Coal's independent auditors, reviewing year-end and interim financial statements and the adequacy and effectiveness of internal accounting and financial controls. The Audit Committee is composed solely of independent directors and operates under a written charter adopted by the entire Board.

The Board of Directors has affirmatively determined that Mr. Burke is an "audit committee financial expert" for purposes of the rules of the Securities and Exchange Commission and that each member of the

## [Table of Contents](#)

Audit Committee is “financially literate” and “independent,” as required by the New York Stock Exchange listing rules and pursuant to Schedule 14A, Item 7(d) (3)(iv) under the Securities Exchange Act of 1934, as amended. In addition, the Board of Directors has determined that Mr. Burke’s service on the audit committees of the six public companies identified in his biography on page I-5 hereof does not impair his ability to serve effectively on our Audit Committee and that his continued service on our committee is in the best interests of the company and its stockholders.

### **Audit Committee Report**

Management is responsible for Arch Coal’s internal controls and the financial reporting process while the independent auditors are responsible for expressing an opinion on the conformity of Arch Coal’s audited financial statements with accounting principles generally accepted in the United States. In this context, the Audit Committee has met with and held discussions with management, with Arch Coal’s internal auditors and with Ernst & Young, LLP, its independent auditors.

The Audit Committee reviewed with Arch Coal’s internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee also met with the auditors, with and without management present, to discuss the results of their examinations and their evaluations of Arch Coal’s internal controls. The committee also reviewed with the independent auditors their judgment as to the quality, and not just the acceptability, of Arch Coal’s accounting principles and financial controls and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States. In addition, the Audit Committee discussed with the independent auditors the auditors’ independence from management and Arch Coal including the matters in the written disclosures required by the Independence Standards Board and whether the provision of non-audit services to Arch Coal by the firm is compatible with maintaining auditor independence. Pursuant to a policy adopted by the committee, Arch Coal’s independent auditors may only perform services on behalf of the company which are related to the audit or consist of tax compliance and tax consulting services. Additionally, all services provided by the companies independent auditors must be pre-approved by the committee. A copy of the committee’s pre-approval policy is attached to this proxy statement as Exhibit B. Finally, the Committee received management representation that Arch Coal’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States.

During 2003 and 2002, Ernst & Young charged fees for services rendered to Arch Coal as follows:

Service	Fee	
	2003	2002
Audit	\$ 1,072,938	\$ 634,845
Audit related services	—	242,978
Tax services	55,012	437,295
All other services	—	—

In addition to the financial statement audits of the Company and certain of its subsidiaries, audit services in 2003 include fees related to assistance with Arch Coal’s preferred stock offering and the debt offering of Arch Western Finance, LLC, accounting consultation related to Arch Coal’s implementation of FAS 143, and consultation related to implementation of Section 404 of the Sarbanes-Oxley Act.

Audit related services in 2002 relate primarily to audits in connection with Arch Coal’s contribution of reserves to Natural Resource Partners.

Substantially all of the tax services in 2003 and 2002 were related to tax compliance. These services were comprised primarily of preparation of certain of Arch Coal’s federal and state tax returns.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has so approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee has also approved the selection of Ernst & Young as Arch

Coal's independent auditors for 2004. Representatives of Ernst & Young will attend the annual meeting and will have the opportunity to make a statement if they desire to do so.

A copy of the Audit Committee Charter is attached to this proxy statement as Exhibit C.

### Executive Sessions of the Board of Directors

Mr. James R. Boyd, Chairman of the Board of Directors, serves as the Presiding Director at executive sessions of the Board where the chief executive officer is not present. The Board charter directs the non-management directors to meet regularly in executive session. Such sessions are normally held following or in conjunction with a regular board meeting. The Presiding Director is also available to consult with the chief executive officer about concerns of the Board, and is available for consultations with members of Arch Coal's management as to any concerns they may have.

Stockholders and other interested persons may contact Mr. Boyd directly by contacting Arch Coal's confidential hotline at 1-866-519-1881 or by mail to Mr. James R. Boyd, Chairman, Arch Coal, Inc., One CityPlace Drive, Suite 300, St. Louis, MO 63141.

### Compensation of Directors

Directors who are Arch Coal employees do not receive payment for their services as directors. The following table displays all components of compensation for non-employee directors:

Form of Compensation	Amount of Compensation
Annual Board Retainer*	\$ 75,000
Additional Annual Retainer for Chairman of the Board	\$ 100,000
Additional Annual Retainer for Audit Committee Chairman	\$ 30,000
Additional Annual Retainer for other Committee Chairmen	\$ 5,000
Board Attendance Fee (each meeting)	\$ 1,250
Committee Attendance Fee (each meeting)	\$ 1,250
New Director Fee**	\$ 30,000

\* At least \$40,000 of the annual retainer is subject to mandatory deferral under Arch Coal's Outside Director's Deferred Compensation Plan into a hypothetical investment in Arch Coal stock and is payable in cash upon the director's termination of service.

\*\* New directors receive an additional \$30,000 during their first full year of service on the Board. This additional amount is subject to mandatory deferral under the Deferred Compensation Plan into a hypothetical investment in Arch Coal stock and is payable in cash upon the director's termination of service.

Arch Coal also pays for each director's costs of attending Board meetings and, under the Arch Coal, Inc. Director Matching Gift Program, the company donates \$2.00 for each dollar contributed by directors to accredited institutions of higher education up to a maximum of \$6,000 each year. Non-employee directors do not have a retirement plan nor do they participate in Arch Coal's benefit plans.

**OWNERSHIP OF ARCH COAL COMMON STOCK**

**Ownership by Directors and Executive Officers**

The following table shows Arch Coal common stock owned beneficially by Arch Coal’s directors and executive officers as of February 1, 2004. In general, “beneficial ownership” includes those shares a person has the power to vote or the power to transfer, and stock options that are exercisable currently or become exercisable within 60 days. Except as otherwise noted, each person has sole voting and investment power over his or her shares.

## COMPENSATION OF EXECUTIVE OFFICERS

### Report of the Personnel and Compensation Committee

#### *The P&C Committee*

The P&C Committee is comprised entirely of independent directors and has the responsibility for reviewing and approving changes to Arch Coal's executive compensation policies and programs. The P&C Committee also approves all compensation payments to the Chief Executive Officer and other executive officers, except for grants of stock-based compensation, which are approved by the Board of Directors as a whole.

#### *Compensation Principles*

Arch Coal's compensation program for executives consists of three key elements:

- A base salary;
- A performance-based annual bonus; and
- A long-term incentive program consisting of periodic grants of both stock options, performance shares or units and/or restricted stock units.

The fundamental objective of Arch Coal's executive compensation program is to attract, retain and motivate key executives to enhance long-term profitability and stockholder value. Arch Coal's compensation program meets this objective by:

- Providing for a level of base compensation that is competitive with other similarly sized publicly-traded companies, with particular emphasis on those in mining and extractive industries;
- Providing total compensation opportunities which are comparable to the opportunities provided by a group of peer companies of similar size and diversity to Arch Coal in analogous or related businesses, as well as general industry indices;
- Linking the compensation of Arch Coal executives to the operating and financial performance of the company by making significant elements of each executive's compensation sensitive to the company's overall performance;
- Emphasizing variable pay and long-term incentives at more senior levels of the company; and
- Rewarding executives for both the short and long-term enhancement of stockholder value.

#### *Annual Base Salary*

Base compensation is determined in accordance with the executive compensation principles established by the P&C Committee. The P&C Committee considers overall company performance, individual performance, competitive compensation and target pay levels when determining compensation.

#### *Annual Incentive Bonus*

##### *Incentive Compensation Plan*

Arch Coal's incentive compensation plan provides opportunities for its key executives to earn annual incentive compensation based upon the successful achievement of individual and corporate financial and operating performance objectives. Approximately 200 employees were eligible to participate in the plan in 2003.

A participant's maximum annual incentive opportunity is based upon his or her level of participation in the bonus plan. The incentive opportunity increases based upon an executive's potential to affect operations or profitability. The maximum incentive opportunity in 2003 for the Chief Executive Officer was

## Table of Contents

150% of base salary while the maximum incentive opportunity for the other executive officers, including the other executive officers named in this proxy statement, was 80% to 125% of base salary.

Awards for corporate employees, including the CEO, are based on overall corporate and individual performance. Awards to operating subsidiary employees are based on a combination of corporate, subsidiary and individual performance. Corporate performance is determined by comparing Arch Coal's actual performance against objective performance measures, which are established by the Board at the beginning of each calendar year. For 2003, these performance measures, which are weighed equally, are:

- earnings per share (EPS);
- adjusted earnings before interest, taxes, depreciation, and amortization (adjusted EBITDA); and
- production costs per ton.

Corporate performance is weighted more at senior levels in the organization; however, all participants in the program have an individual performance factor which is based upon an evaluation of the extent to which an individual has successfully discharged his or her duties during the year. All award payments are subject to the review and approval of the P&C Committee.

### *2003 Incentive Bonuses*

The table below shows key measures of Arch Coal's financial performance for 2003 compared to 2002:

	2003	2002
	(In millions except per share data)	
Net income (loss)	\$ 10.1	\$ (2.6)
Income from operations	\$ 40.4	\$ 29.3
Adjusted EBITDA	\$ 201.2	\$ 228.9
Earnings (loss) per share	\$ .19	\$ (0.05)
Production costs per ton	\$ 14.09	\$ 13.24

Arch Coal's performance in 2003 resulted in a bonus pay-out of \$672,900 to Arch Coal's executive officers based on the corporate performance measures referenced above.

### *Long-Term Incentives*

The P&C Committee has determined that a long-term incentive opportunity for each of Arch Coal's executive officers should be delivered through awards of stock options, phantom performance shares, restricted stock units and/or performance units. The committee intends that these long-term incentive opportunities be competitive and based on actual company performance.

In 2002, the Board of Directors determined that it was appropriate to grant stock options to the Chief Executive Officer, the other executives, and all other stock option recipients of two times the normal level. The committee felt this would create a significant incentive for immediate and sustained improvement in corporate performance and would serve as a retention device for the key employees. This grant was made by the Board with the understanding that no grants of stock options would be made in 2003. Consequently, in 2003 there were no stock option grants made to the executive officers named in this proxy statement.

On February 24, 2000, approximately 200 executive and management employees received grants of phantom performance shares under the Stock Incentive Plan. Pursuant to this grant, performance shares could be earned based upon Arch Coal's total stockholder return over the four-year period beginning January 1, 2000 relative to two external benchmarks: a peer group and the S&P's 400 mid-cap index. Based on the exceptional performance demonstrated under the plan, the Board approved an award payable in cash to participants in January 2004. Mr. Leer was awarded a payout of \$1,820,411 under the plan.

***Deductibility of Compensation***

Under Section 162(m) of the Internal Revenue Code, Arch Coal is subject to the loss of the deduction for compensation in excess of \$1 million paid to one or more of the executive officers named in this proxy statement. This deduction can be preserved if Arch Coal complies with certain conditions in the design and administration of its compensation programs.

The P&C Committee will make reasonable efforts, consistent with sound executive compensation principles and the needs of Arch Coal, to ensure that all future amounts paid to its executive officers will be fully deductible by the Company.

***Other Plans***

Arch Coal maintains a Deferred Compensation Plan pursuant to which certain executives can defer base and annual incentive compensation. Arch Coal also maintains an Employee Thrift Plan, a Cash Balance Pension Plan, insurance and other benefit plans for its employees. Executives participate in these plans on the same terms as other eligible employees, subject to any legal limits on the amounts that may be contributed by or paid to executives under the plans.

***Compensation of the Chief Executive Officer***

Mr. Leer's base compensation remained at \$650,000 in 2003. For 2003, Mr. Leer's maximum incentive opportunity under Arch Coal's annual incentive compensation plan was 150% of his base salary, or \$975,000. Mr. Leer was awarded a bonus payout of \$158,000 under the plan.

***General***

This report is submitted by the P&C Committee with respect to all matters set forth in the report, except for those matters related to stock based compensation awards and by the entire Board of Directors, but only with respect to stock based compensation awards. Mr. Leer excused himself from Board meetings and abstained from voting with respect to all matters relating to his own compensation and to stock-based compensation.

In summary, the P&C Committee and the Board believe that the total compensation opportunities provided to Arch Coal's executive officers create a strong linkage and alignment with the long-term best interest of Arch Coal and its stockholders.

(1) Represents tax reimbursement payments.

(2) The value shown is the number of restricted shares times the market price of Arch Coal common stock on the day of grant. The value given does not reflect the fact that the shares are restricted. Mr. Eaves receives the same cash dividends on the restricted shares as holders of Arch Coal common stock, but he cannot sell the shares during the restricted period.

(3) This amount represents: contributions made to the applicable Employee Thrift Plan for 2001, 2002 and 2003, and credits made under Arch Coal's Deferred Compensation Plan for 2002 and 2003. All contributions to the Employee Thrift Plan were made during the listed year. All credits pursuant to the Deferred Compensation Plan were made in the following year.

**Stock Option Grants**

There were no stock option grants granted to the named executive officers during 2003.

**Stock Option Exercises and Year-End Values**

The table below sets forth option exercises during 2003 by the named executive officers and the following information with respect to the status of their options as of December 31, 2003:

- The total number of exercisable and unexercisable stock options held at December 31, 2003; and
- The aggregate dollar value of in-the-money unexercised options at December 31, 2003.

\* Calculated based on the closing stock price of Arch Coal's common stock on the last trading day of 2003 of \$31.17.

**Pension Plans**

On January 1, 1998, Arch Coal replaced its existing pension plans with a new Cash Balance Pension Plan. The benefits of participating individuals under the former plans were vested as of that date and his or her cash balance account was credited with the present value of his or her earned pension benefit, payable at age 65. Salaried employees hired after January 1, 1998 become vested after three years of employment. On an annual basis (or a shorter period if a participant's employment is terminated), each participant's account is credited with the following:

- contribution credits equal to a percent of total pay;
- transition credits for a period equal to a participant's credited service under the prior pension plan as of December 31, 1997 (to a maximum of 15 years from December 31, 1997); and
- interest credits based on one-year treasury yields plus 1%.

The percentage amounts of the contribution and transition credits, which are shown in the following chart, are based on the participant's age at year end:

Age at Year End	Contribution Credits as % of Total Pay*	Transition Credits as % of Total Pay**
Under 30	3.0%	1.0%
30 to 34	4.0%	1.0%
35 to 39	4.0%	2.0%
40 to 44	5.0%	3.0%
45 to 49	6.0%	4.0%
50 to 54	7.0%	4.0%
55 and over	8.0%	4.0%

\* Plus an additional 3% of pay above the Social Security wage base.

\*\* Total pay means regular salary plus annual incentive bonus payments.

As of December 31, 2003, the estimated annual annuities (based on one-year treasury yields) payable at age 65 to executive officers named in this proxy statement are as follows:

Name	Estimated Annual Payments*
Steven F. Leer	\$ 346,013
John W. Eaves	\$ 198,775
Kenneth G. Woodring	\$ 186,546
Robert J. Messey	\$ 39,660
David B. Peugh	\$ 127,464

\* Assumes the executive officer works until age 65, annual base compensation remains unchanged from 2003, and that future incentive compensation is equal to the average of that awarded over the last four years. The interest rate used for determining the annuity was 5.16%. The interest credits for 2004 and future years was 4.25%.

### **Employment Agreements**

Each executive officer has an employment agreement with Arch Coal that requires the company to continue the executive's salary and benefits for one year if he or she is terminated without cause. If, however, the executive resigns for good reason or is terminated without cause within two years after a change in control of the company, then, depending upon his or her position, the executive would receive a payment equal to up to three-times the highest annual compensation (including incentive compensation) received by such executive during the prior three years. In addition, certain benefits would continue for up to three years depending upon the benefit and position held by the executive.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Under the securities laws, Arch Coal's directors, executive officers and any persons beneficially holding more than ten percent of its common stock are required to report their ownership of the common stock and any changes in that ownership to the SEC and the New York Stock Exchange. Specific due dates for these reports have been established, and Arch Coal is required to report in this proxy statement any failure to file by these dates. All of these filing requirements were satisfied in 2003. In making these statements, Arch Coal has relied on copies of the reports that its executive officers and directors have filed with the SEC.

### **Related Party Transactions**

Arch Coal sold a portion of its 34% ownership interest in Natural Resource Partners, L.P. (NRP) on December 22, 2003. Mr. Leer, President, CEO and a director of Arch Coal, served on the NRP board of directors until December 22, 2003, and Mr. Peugh, Vice President-Business Development of Arch Coal, continues to serve on NRP's board of directors. Arch Coal leases certain coal reserves from NRP and pays royalties to NRP for the right to mine those reserves. Arch Coal paid \$12.3 million in royalty payments to NRP during 2003.

### **Securities Authorized for Issuance Under Equity Compensation Plans**

The Arch Coal, Inc. 1997 Stock Incentive Plan, which has been approved by Arch Coal's stockholders, is the sole plan under which Arch Coal's equity securities are authorized for issuance to employees. The following table shows the number of shares of common stock to be issued upon exercise of options outstanding at December 31, 2003, the weighted average exercise price of those options, and the number of shares of common stock remaining available for future issuance at December 31, 2003, excluding shares

**EXHIBIT A**

**ARCH COAL, INC.**

**CORPORATE GOVERNANCE GUIDELINES**

*The Vision of Arch Coal is:*

*To create superior customer and shareholder value as the safest, lowest cost and most environmentally responsible supplier of coal-based energy in the world.*

***In Furtherance of that Vision, our Mission is:***

Arch Coal is dedicated to being a market-driven global leader in the coal industry and to creating superior long-term shareholder value. We will conduct our business with integrity and an unrelenting passion for providing the best value to our customers. We will foster an innovative, motivating work environment and operate safe, low cost mines, utilizing our resources effectively and efficiently.

The directors are employed by stockholders to oversee management so as to hold managers accountable for the pursuit of the corporate vision and mission.

**I. DIRECTOR QUALIFICATION STANDARDS**

The principal qualities of an effective corporate director include strength of character, an inquiring and independent mind, practical wisdom, and mature judgment. In addition to these qualities, Arch Coal's criteria include recognized achievement, an ability to contribute to some aspect of the company's business, and the willingness to make the commitment of time and effort required of an Arch Coal director. In order to find the most valuable talent available to meet these criteria, the Board considers candidates diverse in geographic origin, gender, ethnic background, and professional experience (private, public, and non-profit). The goal is to include members with the skills and characteristics that taken together will assure a strong Board.

The number of directors that constitutes the Board is fixed from time to time by a resolution adopted by a two-thirds majority of the Board. Currently, the Board is composed of 9 members.

It is the policy of the Board to have an overwhelming majority of directors who meet the applicable independence requirements of the New York Stock Exchange ("NYSE"), the Sarbanes-Oxley Act and the Securities and Exchange Commission ("SEC"). In addition, it is the policy of the Board to have significant representation on the Board of individuals not affiliated with a significant shareholder of Arch Coal.

The Board itself is responsible, in fact as well as procedure, for selecting new Board members who will join the Board between shareholder meetings as well as those to be nominated by the Board for election by shareholders. The Board delegates the screening process to the Nominating and Corporate Governance Committee, with direct input from the CEO and Chairman. Candidates may be recommended to the Nominating and Corporate Governance Committee by other directors, employees, and shareholders.

Arch Coal does not have term limits for its directors, but does have mandatory retirement for outside directors at the annual meeting following such director's 72nd birthday. Further, the Nominating and Corporate Governance Committee reviews each director's performance on the Board when the director's Board term has expired and the slate of director candidates is being developed for inclusion in the proxy.

Non-employee directors inform the Chairman of the Nominating and Corporate Governance Committee and the CEO of any principal occupation change, including retirement, and offer their resignation to the Chairman of the Nominating and Corporate Governance Committee. The Chairman of the Nominating and Corporate Governance Committee, in turn, advises the Committee of such change of status so that the Committee with the aid of the CEO and Chairman can decide whether to accept the resignation.

The Board has no policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes that it should have the ability to make this determination on a case-by-case basis in a manner it deems in the best interest of Arch Coal.

## **II. DIRECTOR DUTIES AND RESPONSIBILITIES**

In fulfilling its responsibilities, Arch Coal's Board performs the following principal functions:

1. Ensuring legal and ethical conduct;
2. Selecting, evaluating, compensating, and, where necessary, replacing the CEO and other senior executives;
3. Approving corporate strategy;
4. Providing general oversight of the business;
5. Evaluating Board processes and performance;
6. Selecting and nominating candidates for the election to the Board of Directors; and
7. Compensating directors.

Directors are expected to attend Board meetings and meetings of committees on which they serve, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. The CEO, in consultation with the Chairman, establishes the agenda for each Board meeting. Any director is entitled to add to the agenda any matter that the director reasonably believes should be on the agenda. Prior to each Board meeting, the Board members receive an agenda for the meeting, along with advance copies (when possible) of any written materials to be discussed. In addition, the CEO regularly distributes to all Board members items of topical interest relating to Arch Coal, its operating environment, and the markets that it serves.

The non-management directors meet regularly in executive session, with such meetings led by the Chairman. The Board also meets regularly in open session joined by selected members of Arch Coal's Senior management. All of Arch Coal's senior officers make presentations to the Board on a regular basis. In addition, from time to time various other corporate personnel attend open Board sessions and make presentations.

Board members have complete access to corporate management at all times. Board members use judgment to be sure that this contact is not distracting to the business operation of the company. In addition, the Board and each committee have the power to hire independent legal, financial or other advisors as they may deem necessary, without consulting or obtaining the approval of any officer of the Company in advance.

## **III. BOARD COMMITTEES**

Arch Coal has four standing committees: Audit, Nominating and Corporate Governance, Finance, and Personnel and Compensation ("P&C"). Pursuant to Arch Coal's bylaws, the Board may create or discharge any committee at any time, subject to the rules and regulations of the NYSE, the Sarbanes-Oxley Act and the SEC.

The Nominating and Corporate Governance Committee, after consultation with the Chairman and CEO and with consideration of the desires of individual Board members, recommends committee assignments including the chairmanships to the full Board for approval.

Committee chairmanships usually are rotated every three years. Other committee members are rotated periodically as the Board deems appropriate, although membership on a committee is normally limited to six years for one assignment. Exceptions to these guidelines are made as the Board deems appropriate.

The Audit Committee, Nominating and Corporate Governance Committee, and the P&C Committee consist only of independent directors under criteria established by the NYSE. Each of these committees has its own charter which sets forth the purposes, goals and responsibilities of such committee. The charters also provide that each committee will annually evaluate its performance.

## Table of Contents

The CEO and Secretary of Arch Coal, in consultation with the Chairman and each committee chairman, sets the committee meeting calendar for the upcoming calendar year. Each committee reports to the Board at the next meeting of the Board following the committee meeting.

Prior to each committee meeting, the committee members receive an agenda for the meeting, along with advance copies (when possible) of any written materials to be discussed.

Each committee chairman convenes as appropriate executive sessions of non-employee or outside Board members of the committee to discuss its operations.

### **IV. DIRECTOR ORIENTATION AND EDUCATION**

Management will provide new Directors with an initial orientation in order to familiarize them with their responsibilities as Directors under law and the New York Stock Exchange Listing Standards, and with the Company and its strategic plans, its significant financial, accounting and risk management policies and procedures, its compliance programs, its Business Code of Conduct, its senior management, and its internal and independent auditors.

In addition, on an ongoing basis, Directors are encouraged to attend continuing education opportunities to provide knowledge of current developments in relevant matters or to improve critical skills.

### **V. EVALUATING BOARD PROCESSES AND PERFORMANCE**

The Nominating and Corporate Governance Committee reports annually to the Board on an assessment of the Board's performance. This is discussed by the Board at first with the CEO in attendance; then, if desired by the Chairman of the Nominating and Corporate Governance Committee or any other director, it is discussed in an executive session of non-employee directors. This assessment is of the Board's contribution as a whole and reviews areas in which the Board and/or the management believes a better contribution could be made. The Nominating and Corporate Governance Committee is responsible for evaluating the performance of current Board members at the time they are considered for re-nomination to the Board.

### **VI. DIRECTOR COMPENSATION**

The Nominating and Corporate Governance Committee is responsible for reviewing and making recommendations to the Board concerning directors' compensation, including benefits. In undertaking its review, this Committee may receive advice from the CEO and internal staff and engage outside consultants to provide reports on trends in director compensation, including compensation paid to outside directors of other companies.

The Board seeks to avoid compensation elements that may compromise the independence of directors, such as consulting contracts or other indirect forms of compensation to a director or an organization with which the director is affiliated.

### **VII. CONFLICT OF INTEREST**

A director's business or family relationships may occasionally give rise to that director's material personal interest on a particular issue. The Board, after consultation with counsel, determines whether such a conflict of interest exists on a case-by-case basis. The Board takes appropriate steps to identify such potential conflicts and to assure that all directors voting on an issue are disinterested with respect to that issue.

### **VIII. THE CEO AND SENIOR MANAGEMENT**

The full Board of non-employee directors makes an annual evaluation of the CEO's performance, taking into account both the financial performance of the business and the qualitative performance of the CEO, including, for example, vision and leadership, accomplishment of long-term strategic objectives, and

## Table of Contents

development of management. The results are used to identify strengths and areas needing improvements and to provide input to the P&C Committee's evaluation of the CEO for compensation purposes.

The CEO reviews annually with the Board the current goals of the other senior officers and the extent to which these officers have accomplished their previous goals.

The P&C Committee annually evaluates the performance of the CEO and other senior officers for compensation purposes and makes compensation recommendations to the Board (non-employee directors). The Board reviews these evaluations and recommendations and determines the compensation, including incentive pay.

The CEO makes an annual report to the Board on succession planning and management development. In this report, the CEO recommends at least one individual who could assume the CEO position if the CEO unexpectedly should be unavailable for service, updating this recommendation as appropriate.

The CEO and other senior officers obtain the approval of the Nominating and Corporate Governance Committee prior to accepting an invitation to serve on the Board of another public company or on the Board of any private company that would represent a material commitment of time. It is generally advisable to limit such outside directorships to no more than two.

The CEO and other senior officers of Arch Coal do not serve on the Board of a company for which an Arch Coal non-employee director serves as an officer.

*These principles and policies are in addition to and are not intended to change or interpret any Federal or state law or regulation, including the Delaware General Corporation Law, or the Certificate of Incorporation or By-laws of the Company. The Board of Directors will review these Guidelines at least annually and, if appropriate, revise these Guidelines from time to time.*

**EXHIBIT B**

**POLICY FOR THE PROVISION OF SERVICES**

**BY THE COMPANY'S INDEPENDENT AUDITORS  
(REVISED)**

Arch Coal, Inc. (the "Company") is aware of the importance of maintaining investor confidence in the integrity of its audited financial statements. To this end, it is essential that the Company's outside auditors remain independent from the Company both in fact and appearance and thereby remain capable of exercising objective and impartial judgment on all issues encompassed within the audit engagement. The Company is also aware of the greater sensitivity of the Securities and Exchange Commission (the "Commission") in the area of auditor independence, as reflected in the February 2001 revision of the Commission's Auditor Independence Requirements (the "Independence Rules"). As a result, the Company has adopted this policy for engaging the Company's independent auditors.

**I. Scope of Policy**

This policy covers all audit and non-audit service engagements ("Engagements") between the Company (or any of its subsidiaries or affiliates) and its independent auditors or any of the auditor's employees or affiliates (collectively, the "Auditors"), including, without limitation, Engagements for:

- tax compliance and planning;
- management consulting;
- information systems design and implementation;
- mergers and acquisitions planning;
- appraisal or valuation services and fairness opinions; or
- actuarial services.

**II. Process for Approval of Engagements**

***A. Chief Financial Officer Approval***

The Chief Financial Officer ("CFO") of the Company shall review and recommend to the Audit Committee each Engagement. In exercising his duties hereunder, the CFO shall discuss with the management representative(s) requesting the Engagement and, at his discretion, with the Auditors, the scope, benefits and cost of each proposed Engagement and the impact of such proposed Engagement on the Auditor's independence.

***B. Audit Committee Approval***

The Audit Committee shall have the ultimate authority and responsibility to approve each Engagement. At his discretion, the Chair of the Audit Committee may represent the entire Committee for the purposes of this approval.

***C. Independence Determination***

In the determination of whether a proposed Engagement will impair, in appearance or in fact, the Auditor's independence, it shall be considered whether the relationship:

- creates a mutual or conflicting interest between the Auditor and the Company;
- places the Auditor in the position of auditing his or her own work;

## Table of Contents

- results in the Auditor acting as management or an employee of the Company; or
- places the Auditor in a position of being an advocate for the Company.

In determining the foregoing, the following factors shall be considered:

- whether the Engagement facilitates the performance of the audit, improves the Company's financial reporting process, or is otherwise in the public interest;
- whether the Engagement will be performed principally for the audit committee;
- the effects of the Engagement, if any, on audit effectiveness or on the quality and timeliness of the Company's financial reporting process;
- whether the Engagement would be performed by specialists (e.g., technology specialists) who ordinarily also provide recurring audit support;
- whether the Engagement would be performed by audit personnel and, if so, whether it will enhance their knowledge of the Company's business and operations;
- whether the role of those performing the Engagement (e.g., a role where neutrality, impartiality and Auditor skepticism are likely to be subverted) would be inconsistent with the Auditor's role;
- whether the audit firm's personnel would be assuming a management role or creating a mutuality of interest with management;
- whether the Auditors, in effect, would be auditing their own numbers;
- whether the project must be started and completed very quickly;
- whether the audit firm has unique expertise in the Engagement; and
- the size of the fee for the Engagement on a stand-alone basis and as a percentage of the anticipated audit fees for the calendar year.

### **III. Prohibited Engagements**

The following types of Engagements shall be prohibited as impairing the Auditor's independence, except under the limited circumstances of a demonstrated exception to the Independence Rules:

- bookkeeping or other services related to the Company's accounting records or financial statements;
- financial information systems design and implementation;
- appraisal or valuation services;
- fairness opinions;
- actuarial services;
- internal audit services;
- management functions (i.e. performing a decision-making or supervisory function within the Company);
- human resource services (i.e. candidate searches or evaluations or reference checks);
- broker-dealer services;

[Table of Contents](#)

- legal services; and
- any Engagement whereby the Auditor will be compensated based on a contingent fee arrangement.

Approved and Adopted by the  
Audit Committee of the Board of Directors  
April 2003  
(revised February 2004)

**EXHIBIT C**

**ARCH COAL, INC.**

**AUDIT COMMITTEE CHARTER**

**Purpose**

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight over (1) the integrity of the financial statements, internal accounting, financial controls, disclosure controls and financial reporting processes of the Company, (2) the independent auditors' qualifications and independence, (3) the performance of the Company's internal audit function and independent auditors, (4) the compliance by the Company with legal and regulatory requirements, and (5) provide an open level of communication among the independent auditors, financial and senior management and the Board.

The Committee shall prepare, or cause to be prepared, the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

**Limitation of Audit Committee's Role**

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditors.

Additionally, the Board and the Committee recognize that financial management (including the internal audit staff), as well as the independent auditors, have more time, knowledge and more detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurances as to the Company's financial statements or any professional certification as to the independent auditors' work.

**Committee Membership**

The Committee shall consist of no fewer than three members. All Committee members shall be financially literate, as determined by the Board, and at least one member of the Committee shall have a background in financial reporting, accounting and auditing. All members of the Committee shall meet all other independence, experience and expertise requirements of the New York Stock Exchange. The Committee shall endeavor to at all times have at least one member who is an "audit committee financial expert," as defined by SEC regulations.

The members of the Committee shall be appointed by the Board on the recommendation of the Nominating & Corporate Governance Committee. Committee members may be replaced by the Board.

The Board shall appoint one of the members of the Audit Committee as Chairperson. It is the responsibility of the Chairperson to schedule all meetings of the Committee and to provide the Committee with a written agenda prior to each meeting.

Compensation shall be limited to director fees and committee fees.

**Committee Authority and Responsibilities**

The independent auditors shall report directly to the Audit Committee. In that regard, the Committee is directly responsible for engagement of the independent auditors, has the sole authority to appoint or replace the independent auditors, and shall pre-approve all audit engagement fees and terms and all non-audit engagements with the independent auditors and shall disclose its policies for approval of such engagements in the Company's periodic reports filed with the SEC. In addition, it is a direct responsibility of the Audit Committee for resolution of disagreements between management and the independent auditors regarding accounting and financial matters.

## Table of Contents

The Committee shall meet as often as it determines, but not less frequently than quarterly. The Committee may delegate authority to the Chair of the Committee and/or a subcommittee of the Audit Committee when appropriate, including authority to negotiate and pre-approve audit and non-audit fees for the independent auditor as needed between Audit Committee meetings subject to ratification by the full Committee. All actions taken pursuant to a delegation of authority described in the previous sentence shall be presented to the full Committee at its next regularly scheduled meeting for review and ratification.

The Committee shall have the authority, to the extent it deems necessary or appropriate, to retain its own special legal, accounting or other consultants to advise the Committee and the Company will provide adequate funding for such activities. In addition, the Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. The Committee shall meet with management, the internal auditors and the independent auditors in separate executive sessions at least quarterly. The Committee may also, to the extent it deems necessary or appropriate, meet with the Company's outside legal counsel, investment bankers or financial analysts who follow the Company.

The Committee shall make regular reports to the Board and provide copies of the minutes of each meeting to the Board as soon as practical after each Committee meeting. The Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. The Committee shall annually review the Committee's own performance.

The Committee, to the extent it deems necessary or appropriate, shall:

1. Discuss with management and the independent auditors the annual audited financial statements, including disclosures made in Management's Discussion and Analysis of Financial Condition and Results of Operations, including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements and the results of the audit and recommend to the Board whether the audited financial statements should be included in the Company's Form 10-K.
2. Discuss with management and the independent auditors the Company's quarterly financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, including the results of the independent auditors' reviews of the quarterly financial statements, prior to the filing of such financial statements.
3. Discuss with management and the independent auditors, at the conclusion of the annual audit, significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal controls, the development, selection and disclosure of critical accounting estimates, and analyses of the effect of alternative assumptions, estimates or GAAP methods on the Company's financial statements. To further this goal, the Committee shall receive reports at least quarterly from the independent auditors, and prior to the filing of its report with the SEC, on all critical accounting policies and practices of the Company, all alternative treatments of financial information within GAAP that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the independent auditor, and other material written communications between the independent auditor and management.
4. Discuss with management the Company's earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies. The Committee need not discuss in advance each earnings release or each instance in which the Company may provide earnings guidance.
5. Discuss with management and the independent auditors the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.

## Table of Contents

6. Discuss with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit. In particular, discuss:

(a) The adoption of, or changes to, the Company's significant auditing and accounting principles and practices as suggested by the independent auditors, internal auditors and/or management.

(b) The management letter provided by the independent auditors and the Company's response to that letter.

(c) Any problems or difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to requested information, any accounting adjustments noted or proposed but passed (as immaterial or otherwise) and any significant disagreements with management. Also, discuss management's response to the annual "management" letter prepared by the independent auditors.

7. Meet with the independent auditors prior to the audit to discuss the planning and staffing of the audit.

8. Discuss the experience, qualifications, performance and independence of the Company's independent auditor, including all relationships between the auditing firm and the Company and its Directors and officers. Discuss the experience, qualifications, performance and independence of the lead partner as well as the senior members of the independent auditors' team. Periodically discuss the industry and other qualifications of the major accounting firms in the Company's industry.

9. Obtain and review a report from the independent auditors at least annually regarding (a) the independent auditors' internal quality-control procedures, (b) any material issues raised by the most recent quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditors and the Company and the impact of any such relationships on the independence of the independent auditor.

10. At least annually, discuss the overall performance of the independent auditors, taking into account the opinions of management and the internal auditors.

11. At least annually, present the Committee's conclusions regarding the independence and performance of the independent auditors to the Board and, if so determined by the Committee, recommend that the Board take additional action to satisfy itself as to the qualifications, performance and independence of the independent auditors.

12. Discuss whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the lead audit partner more often than required by law, or even the independent auditing firm itself on a regular basis.

13. Set policies for the Company's hiring of employees or former employees of the independent auditors who were engaged on the Company's account.

14. Obtain and review a quarterly report on matters discussed by the independent auditors with its national office regarding the Company.

15. Review all related-party transactions.

16. Discuss internal audit plan and review assistance to be provided independent accountants by internal audit staff.

17. Discuss the appointment and replacement of the senior internal auditing executive.

18. Discuss the significant reports to management prepared by the internal audit department and management's responses.

## Table of Contents

19. Discuss with the independent auditors the responsibilities of the internal audit department, as well as the internal audit program, budget and staffing and any recommended changes in the planned scope of the internal audit.

20. Discuss the Internal Audit Charter at least annually.

21. Discuss with management, the internal auditors and the independent auditors the adequacy and effectiveness of accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., the Company's Code of Business Conduct) and any special audit steps adopted in light of material control deficiencies.

22. Discuss with the Board the Company's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Code of Business Conduct and Ethics.

23. Discuss management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

24. Establish and discuss annually procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

25. Discuss with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports which raise material issues regarding the Company's financial statements or accounting policies.

26. Discuss with the Company's General Counsel legal matters that may have a significant impact on the financial statements or the Company's compliance policies.
